15 MARCH 2022

To whom it may concern:

Beneficiaries of MACAH Foundation NPC2016/523585/08

MACAH Foundation NPC provides support, assistance and funding to improve healthcare for the most vulnerable citizens in our community, the mothers, infants and children in Central South Africa.

SOCIO-ECONOMIC DEVELOPMENT

We hereby confirm that:

1. Almost 85 % of the beneficiaries of the MACAH FOUNDATION NPC meet the definition "Black" as defined in terms of the Department of Trade and Industry's Broad-based Black Economic Empowerment Codes of Good Practice.
2. 95 % of the beneficiaries of the project that has been awarded meet the definition "Black" as defined in terms of the Department of Trade and Industry's Broad-based Black Economic Empowerment Codes of Good Practice

Therefore, the benefit factor for work should be **90 %** for Social Economic Development. We also state that as our programs expand, the intent is to retain the status quo where more than 75% of beneficiaries are individuals who meet the definition "Black" as defined in terms of the Department of Trade and Industry's Broad-based Black Economic Empowerment Codes of Good Practice.

Yours faithfully
